

STAINLESS STEEL HEX NIPPLE

Hex Nipples are male threaded fittings with a central hex section for easy wrenching. Made from SS 304 and 316, sizes range from 1/8" to 4", available in NPT/BSP threads. Pressure ratings: up to 6000 PSI. Manufactured to ASTM A182 and ASME B16.11 standards. Commonly used in oil & gas, steam and water pipelines where secure, threaded connections are essential.
