

# STAINLESS STEEL UNION MF

Male-Female Unions feature a threaded male and female end, joined by a nut for easy disassembly. Constructed from SS 304, 316 and Duplex, sizes: 1/4" to 2", pressure ratings: 3000# to 6000#. Standards: ASTM A182, MSS-SP-83. Common in instrumentation, chemical dosing, and pipeline maintenance setups where quick, leak-proof separation is required.
